

WAR MEMORIAL DEDICATION

Newcastle Boys High School Old Boys Association has indexed the Admission Registers for Newcastle High School 1906-1929 and Newcastle Boys High School 1930-1976. This enabled a search of the Department of Veteran Affairs records of World War II to establish the details of service of the 96 former students of these schools who are commemorated on the plaques at the Memorial Entrance to Waratah Technology Campus Callaghan College in Turton Road.

The results of this research revealed that 36 former students had died during service in World War II who are not recorded at the Memorial Entrance. The Old Boys Association has commissioned additional plaques for the Memorial Entrance to commemorate these people. It was also decided to record the fatal casualties from the Korean War and Vietnam War. There is one for each conflict.

**The dedication ceremony is to be on Friday 19 September 2014,
62 years after the original Memorial Entrance was dedicated.**

The Old Boys Association would like to include friends or relatives of those to be commemorated at the dedication ceremony. Contact Bill Storer at wjstorer@ozemail.com.au

The date of birth given here is the one recorded in the Admission Registers.

Abbott, Roy Edgar	24/11/1902	RAAF
Arnott, Kenneth John	23/6/1916	RAAF
