

## **Raymond Owen Brock , 1952- 1956**

Raymond Owen Brock , 1952- 1956 , sadly passed away on 02/04/2020 at Raymond Terrace.

There was a private cremation due to the Coronavirus with a celebration of his life to be held sometime , hopefully on the first anniversary.

Ray suffered from an extremely rare skin cancer which attacked his central nervous system. Only the second case in NSW in 15 years or so.

Ray was the Engineer for Port Stephens Shire before he retired from full time work.

His loves were cycling when younger- designed cycleways in Port Stephens, Maitland and other local areas and in retirement he was a keen walker- became the co- ordinator for a Walking For Pleasure group for about 15 years.

Ray was a very proud NBHS Old Boy and often attended the Annual dinners. The family have a cupboard full of the drinking glasses to testify.

***"REMIS VELISQUE"***
