GERMANY — WINTER 71-72

With the prospect of a very cold and certainly a very different winter ahead of us, 18 German students, from three states set out in early December for a three month stay, each of us with a different family in a different area of Germany.

We had each been awarded a scholarship by "The Society for Australian-German Student Exchange" — a group formed in 1963 by a number of people with interests both business and private who wished to further relations between the countries of Australia and Germany in the most practical way possible. The result of their reports has been each year since the scheme's inception an increasing number of students travelling to spend their summer holidays in wintry Germany.

After first spending a very humid but exciting day in Singapore and three days in the heart of Rome, we travelled on over the Alps to see Germany stretch out before us. Even after having landed at Koln-Bonn Airport and driven some 30 kilometers to Wormersdorf — my home for 2½ months — the whole thing seemed very unreal, almost dreamlike.

Wormersdorf which I was unable to locate on a map before I left, is a small village on the edge of the forests of the Eifel Mountains and 20 kilometers from Germany's capital, Bonn. Basically a farming village, Wormersdorf has in recent years experienced an influx of city dwellers wishing to move away from the rat-race of city life and still be only ¼ hour drive from Bonn.

Without wishing to sound hackneyed, the people of the village were very down to earth and led a relatively simple life — the men enjoyed a beer in any one of the many "lokales"

in Wormersdorf and each Friday their game of "Kegeln" — a form of ten pin bowling; the women were very quiet and staid in their ways.

When I had time I went to school in nearby Rheinbach and was in the 12th class of a Gymnasium. The students and courses were very similar, no uniforms were worn, smoking was allowed in the school grounds, school started though at 8 o'clock in the morning (sometimes while still dark and snowing) and finished at 1 p.m. after which time everyone went home for lunch and could come back later in the day to play sport.

The language problem at school and in Wormersdorf became for me a twofold one for the people along the northern Rhine speak a dialect, Plattdeutsch, which in fact amounts to another language and which most of the local boys started speaking the minute they were out of school.

By going in December too it meant that we were all able to see a German Christmas with its pine tree and candles lit every night in the lounge room and gift giving on the evening of the 24th. And early in the New Year those of us along the Rhine were all able to take part in the "Karneval" festivities which have their biggest day on Rose Monday. At this time of the year everyone in the region forgets themselves for a day or two and joins in the rounds of processions, parties, balls, dances and drinking. Even the small village of Wormersdorf had its own procession with all the trappings — free sweets, food and "Bier" and marching girls, clowns, bands and floats.

During my stay I was lucky enough to be able to spend a week in Bern, Switzerland's capital, a few days in Stuttgart as the guest of Daimler-Benz from whom I received my scholarship, a couple of weekends in Hamburg and along with the many trips to Koln and centres in the Ruhr Valley such as Dusseldorf and Dortmund.

In travelling about I was able to see just how much a land of contrasts Germany is. The quiet cleanliness of regions such as the Eifel Mountains and the area around Wormersdorf and only some 30 kilometers away the industrial polluted region about Koln and further to the north possibly the most polluted area I visited while I was away — the Ruhr Valley where in some areas the sun is just not seen from one year to the next other than through a blanket of yellow smog.

While impressions gained by the tourist must often be a little vague and falsely coloured, I think the impressions gained by us all in our three months were somewhat truer in nature and certainly more lasting. Germany became a place to look at critically, a place to examine first hand. To see the people at times such as Christmas, to celebrate with them during Karneval and to be part of a German family established in us all strong bonds with and a great liking for the German people. To learn a little of the language became just an "added extra" to the experience of meeting and living with people of a different national and cultural background to our own.

IAN MCPHEE.

STUDENT COUNCIL REPORT

" . . . To promote student interest in the general running of the school, and thereby to improve conditions with the school, and further teacher-student relations" — the aims of the Student Council as set out in the Constitution. Perhaps ambitious, but certainly feasible aims, which can be attained with the co-operation and support of the students.

The S.R.C. has now been functioning for just over a year. It was commonsense to try to maintain, as closely as possible, the foundation members from last year; the committee and representatives which, with enthusiastic interest and Mr. Maiden's backing, launched the Student Council into operation. Following any necessary elections of office-bearers at the Annual General Meeting earlier this year, Ian McPhee (President), Peter Ormonde (Vice-President), Peter Grivas (Treasurer) (all carrying over from last year), David Mulligan (newly-elected Secretary), a 4-member committee, and the other elected representatives (29 in all) set out in an attempt to fulfil the Council's aims.

Being a student organisation with a Treasurer, it became apparent that the Council would have more power if it had financial backing. The decision — a Dance, possibly thought to be a thing of the past at this school. It was held in November ('71) and was a great success — at least \$400 worth of success. Achievements of this year so far have included another, even more successful, dance (held in June), the proposed establishment of seating facilities at the southern end of the school (behind the science wing) coupled with regimented parking of vehicles, and the investigation into numerous "gripes" brought to the attention of the Council by representatives who have been approached by individuals or groups wanting their desires or opinions on some matter made known to the Representative Body — the Student Council "determines the wishes and desires of the student body and make them known to the administration of the school."

In July, owing to the greater pressures placed on 6th Year members, they stood down from office-bearing positions, remaining advisors, whenever present, to the new Executive Committee, David Mulligan (President), John Ticehurst (Vice-President), David Aitchison (Secretary) and Brett Fraser (Treasurer).

In my opinion, the present method of forming the Council by class representation is not necessarily the most effective, nor the best means of having the most enthusiastic, most interested Council. This view is shared by several others: in the near future, there could be drastic changes in the structure of the Council and a revised Constitution is probable. Representation in the Council will be given to all interested classes, but should not be compulsory.

There are many students who are all too ready to complain about an institution and its internal management, but when given the chance to express constructive criticism, decline to do so. Any member of the school has the right to attend a general council meeting to express his point of view on a subject. The Council has complete freedom of speech, and if the Convenor or any other non-members (such as members of the Staff) are sitting in on the meeting, they may be asked to leave.

Our thanks must go to Mr. Maiden and Mr. Richardson for their interest, co-operation and assistance throughout the year. The work of Ian McPhee, other 6th year members who were very active in their support, and those members whose consistent attendance reflected their interest in the Council, is also greatly appreciated.

Given the necessary support by the students, the S.R.C. can become a very influential, prominent and popular organisation to improve conditions within the school, and probably most importantly, "to promote student interest in the general running of the school."

THE CHAIRMAN.

WAR

Numerous war battles
Of which death is their law,
Are not the victories of man,
But the victories of war.
Man does not profit
By countless, terrible deaths;
Of graveyards full of crosses
Covered with wreathes.
But man continually makes war,
And this will be his fate;
But he won't discover this
Until it is too late.

ROBERT DAVIDSON

I WONDER

I sat there and wondered why the world had been made
But, I couldn't find an answer, so I wondered again
I sat and I wondered about this and that,
I wondered why the Earth was round and not flat.
I wondered about man, and the causes of war.
Then I thought about life.
And what was life really?
Was life what we made it?
Or was it planned, tidy and neat?
Then I sat and wondered about the biggest riddle of all;
Why am I here and Why was I born?
And I sat and wondered and wondered

ALAN ABRAHAMS

P. & C. LADIES' AUXILIARY ANNUAL REPORT 1971/1972

The following officers were elected at the Annual Meeting in October, 1971:—

President: Mrs. J. Ticehurst.
Vice-Presidents: Mrs. E. Van Rugge, Mrs. D. Porich, Mrs. L. Richardson.
Secretary: Mrs. S. Hoye.
Minutes Secretary: Mrs. P. Hingst.
Treasurer: Mrs. V. Keary.
Assistant Treasurer: Mrs. M. Beale.
Publicity Officer: Mrs. E. Beath.

It gives me great pleasure to present to you the annual report of the Ladies' Auxiliary.

We have had a very successful year, both financially and socially, and it has been a pleasure to work with such industrious members.

Our meetings have been held monthly with an average attendance of 20 members. We were sorry to lose the membership of several ladies whose sons had completed their schooling. However, we have a number of new members who have proved to be a great asset to our Auxiliary.

Fund-raising activities for the year have been: A Bowls Gala held at Newcastle City Bowling Club; Christmas and Mother's Day stalls which were well patronised by the boys; Gas Cooking Demonstration; Tennis Tournament; a bus trip to Paddy's Markets; guided tour of the City Art Gallery; Mannequin Parade at Western Suburbs Leagues Club by courtesy of Mrs. Laurie and Jackson and McElwaine; Art Exhibition held at the Teachers' College Hall.

Several enjoyable functions were held, due to the generosity of ladies who made their homes available. Mrs. Church — Melbourne Cup Party; Mrs. Beath — Social Day for new members to be welcomed; Mrs. Graham — evening showing Mr. Richardson's overseas slides; Mrs. Ticehurst — Luncheon and Korbond Demonstration; Mrs. Van Rugge — Luncheon and Patons & Baldwins Demonstration; Mrs. Rich — Luncheon and Crazy Whist.

Our Christmas Luncheon was held in the Assembly Hall to conclude activities for 1971.

Afternoon tea was served to official guests at the Annual Speech Day, Induction of Prefects, Passing Out Parade, welcome to parents of First Form students, Area Blues presentation and the presentation to Mrs. Young by the Area Sports Association. Supper was served at the Parent-Teacher Night. The ladies also provided refreshments at both School Concert nights.

Once again the Auxiliary successfully catered for the School Sports Day and also the Lintott Cup.

Mrs. Sharon Raschke and Mr. Errol Collins were guest artists at our Annual Luncheon held at the Princeton. Professor G. A. Cranfield was guest speaker.

The Used Clothing Pool is operating well, for which we must thank Mrs. Barnsley and Mrs. Jensen. Two Used Clothing Days have been held and have been quite successful. P.E. shorts and aprons have been made by our members and sold to the boys.

Our Bookshop continues to be one of our main fund-raisers and we give our sincere thanks to Mrs. Van Rugge, who so capably orders all the

supplies, and also to our invaluable helpers — the clerical staff of the school, who sell the books throughout the year.

The book-binding ladies work very hard during the year to repair damaged text-books and bind new books before they are issued. This is a vital service to the school and we thank them for their efforts. New members are needed and will be made welcome at all times.

Our Competition Convenor, Mrs. Beale, earns our sincere thanks for the time and effort she spends running all our competitions. Our thanks also go to the ladies under Mrs. Graham who wash the sick bay linen every week.

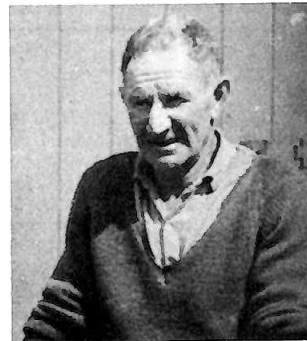

To Mr. Richardson, Mr. Maiden and members of staff our sincere thanks for their willing co-operation at all times.

Mrs. Ticehurst, our President, and Mrs. Keary, our Treasurer, deserve a special thank you I feel. Mrs. Ticehurst for her continuous hard work and fresh ideas she brings to the Auxiliary, and Mrs. Keary for the capable manner with which she handles the large amounts of money raised by the Auxiliary.

I would like to thank all those who have assisted the Auxiliary in any way during the year. To the ladies of the Auxiliary I would sincerely thank you one and all for your support and hope you will continue your interest in the Auxiliary in the years ahead.

In conclusion, I wish to thank my fellow officers for all the help and guidance they have given me and wish the incoming committee every success for the coming year.

SHIRLEY HOYE, Hon. Secretary.

CLAUDE SHARPE RETIRES

Claude Sharpe was born in 1908 at Murrumbidgee in the Upper Hunter. About 1917 he came, with his family, to Newcastle where he attended Wickham Primary School. He was in the same class as Mr. Goffet.

Claude has many sporting achievements to his credit. He was at one time Junior Belt Champion at Nobby's Beach, he's played 300 Rugby League games for North including 160 first grade matches, he also represented Newcastle against Australia (1936), Northern N.S.W., the Coalfields, South Sydney and was reserve hooker in 1935 against Great Britain.

His first job was when he was 14 years old

at the Post Office. Since then he has worked as a greenkeeper at a golf course and as curator of Waratah Oval for the last 10 years. He has two sisters and three brothers. He was married 38 years ago and has one child.

Apart from his own participation in sport he has trained some fine athletes, including three Australian bicycle riders and two world champion 6-day riders. He also coached Newcastle Austral 1st division soccer team.

His hobbies include fishing, swimming and growing garden vegetables. In his retirement he plans to follow the sun as much as possible spending his time relaxing and enjoying himself.

"Take notice of the teachers, respect your parents and you'll never look back in life," is Claude's message to the boys; he has lived by this philosophy and it hasn't failed him.

Claude has always enjoyed being associated with N.B.H.S. We have enjoyed being associated with Claude. We wish him good health and a happy retirement.

G. THOMAS.

THE PUNISHMENT TO FIT THE CRIME

I noticed in "Punch" recently, an article called "Work to British Rule — Handbook for British Railway Employees." This excellent preliminary rulebook showed the need, once again, for the old system of "a tooth for a tooth" to maintain any semblance of order in these increasingly lawless times.

For once, a voice (in the wilderness nowadays) has struck a blow of liberation for the oppressed majority against the anarchistic forces of "Women's Lib," "Gay Lib," "S.T.O.P." and "Peek Freens," which permeate today's society with their evil intentions.

So, it has been left to that care of respectability, the British railwayman, to raise the flag. They have duly decided that "no engine-driver shall take his train out of the station until he is satisfied that every compartment contains a 1925 colour picture of Conway Castle or Fountains Abbey." Andy Warhol — await thine fate.

In an effort to discourage any intended non-observance of ticket-buying "a ticket collector is entitled, at his discretion, to close the barrier and pursue the defaulting offender for up to 3-a-mile." (Charing Cross at peak-hour — 10 miles or 10 hours — whichever comes first).

Seeing this, the mind revels on how one can do one's own bit to put life back on its pre-"Splendour in the Grass" feet.

Cultural misfits and professed lovers of Bob Dylan and Martin Sharp should be sentenced to:— a) a year of being proteges of the Hon. Billy and/or b) three months of helping Edna Everidge erect plastic dwarves in her Moonee Ponds garden and hanging up plaster ducks and plastic gladioli on her feature wall.

Members of the Black Panther movement should be incarcerated in an S.S. camp with nothing to eat, sleep or read but "Mein Kampf." The same procedure should be adapted for Maoists. Eugene Macarthy and assorted "John Brown"-ies should spend a sojourn lasting no more and no less than 55 days in Peking.

President Nixon and his military advisers should be dumped from a B-52 with their "anti-personnel" bombs onto the Vietnam D.M.Z. He

should be awarded the Nobel Peace Prize if he can eke out a living as a rice farmer for over two minutes without being maimed, shot or bayoneted.

George McGovern, who advocates the legalisation of marihuana should:—

a) be left unescorted overnight in Central Park, b) read a book by Timothy Leary, c) become a pyschiatrist in the Harlem Drug Referral Centre.

If he can survive any of these he should be allowed to legalize drugs.

On a more humorous scale though, Germaine Greer should be made to marry Hughie Heffner and last out to the 25th anniversary. Mr. Rockefeller should become an "XL" service-station attendant and the chairman of Volkswagen should be made to drive one of his own cars. Alternatively, Mr. Willis should be let loose in an inner-suburban school in Sydney as a teacher for one day. If he can survive. . . .

I think this type of poetic justice would test the sincerity of these people's convictions and make them realize their follies.

Who knows? Reverend Ian Paisley might marry Bernadette Devlin and pigs might fly.

TOM CUTHBERT.

"ONE POINT OF VIEW"

We hear of our soldiers destroying the enemys' tanks

But does the enemy take up ranks?
In the list of heroes, brave and true,
Or do we, only take one point of view?
Where are the enemy's soldiers strong?
Or do we say that they're all wrong?
Our courageous feats are drummed into our heads,
But, do we stop there, and retire to our beds?
The other side must have had a thought
But do we reject it, for naught
There's Napoleon, Rommel and Richtofen,
I hope that they won't be forgotten,
And that we won't praise ourselves too rotten.

BRETT LA HAY

SCHOOL CERTIFICATE EXAMINATION

It is proposed that in 1973 and 1974 the award of the School Certificate will follow the same procedures as at present, but the external examination component will contribute only one-quarter of the total marks in lieu of the present 50 per cent, and each external examination paper will be reduced to approximately one hour of examination time.

If the 1973-74 experimental programme proves satisfactory, the award of the School Certificate from 1975 will be made, on the recommendation of the Secondary Schools Board, to every student who participates in its courses and meets requirements as to conduct and attendance.

The certificate will indicate the courses studied and the achievement in these courses reported by a system of grading rather than by the current method of reporting "pass" or "fail."

Under these proposals, 1972 will be the final year of the present type of external School Certificate Examination and 1974 the final year of that external examination in its abbreviated form.

ATHLETICS

C. TURNER

N.B.H.S. ATHLETICS CARNIVAL

Although this carnival produced some outstanding individual efforts, it was made a success by the participation of the majority of the school. The senior school showed a great deal of spirit by entering the events in large numbers. The juniors were quick to follow. Congratulations must be extended to Smith House which won the carnival.

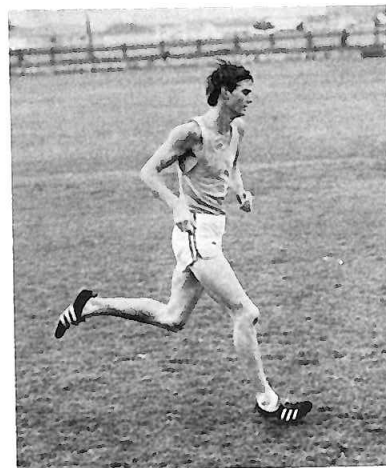

The teachers must be commended for the interest they showed and the enthusiasm they generated by their presence. Many of them have claimed that this year's carnival was the best they have attended. This was due, of course, to the great spirit which was displayed by all students, teachers and parents present. Special thanks must go to Mr. Giddy for his high standard of organisation.

Unfortunately room limits the number of athletic performances that can be listed and only exceptional performances are shown here.

12 years: D. Burns (Hu.), Champion House Smith; 13 years: M. Collis (Hu.), Champion House Hunter; 14 years: B. Ure (Sm.), Champion House Smith; 15 years: S. Pont (Ha.), Champion House Smith; 16 years: D. Consalvo (Hu.), Champion House Hunter; 17 years: N. Lawson (Ha.), Champion House Hannell.

Records:

13 years: Triple Jump, C. Mackay, 10.47m; 1500, M. Collis, 5 mins. 9.2 secs.; 3000, M. Collis, 11 mins. 19 secs.; 440, M. Collis, 1 min. 2.7 secs.
14 years: Triple Jump, B. Ure, 11.07m; 4 x 400 relay, Smith House.
17 years: 3000, B. Morgan, 9 mins. 36 secs.; 1500, B. Morgan, 4 mins. 21.6 secs.; 4 x 400 relay, Hannell House, 3 mins. 33.5 secs.

B. MORGAN

ZONE CARNIVAL

16+ RELAY TEAM

ATHLETICS

Back Row: B. Hughes, W. Achurch, B. Iredale, R. Monteath, S. Lambourne, S. Pont, P. Whetham, G. Logan, G. Smith, C. Ryde, S. Brown, N. Croft, D. Murray.
6th Row: M. Boehme, B. Thurlow, D. Jack, C. Turner, A. Randell, P. Barnwell, J. Walshe, J. Kopko, D. Tamplin, S. Ticehurst, G. Studdert, W. Means, C. VanRugge.
5th Row: M. Piper, D. Consalvo, B. Mills, R. Knox, J. Lowe, B. Ure, P. Matthews, M. Holcombe, P. Shaw, B. Morgan, L. Muir, A. McNeil, G. Fraser, R. Mackie.
4th Row: G. Bunn, P. Kuleschow, G. Burns, N. Lawson, P. Bodenham, G. Jack, M. Moses, S. Grierson, S. Connors, A. Kingsland, R. Clucas, G. Birt, B. Rodgers.
3rd Row: M. Collis, S. Adams, T. Hollebone, B. Terry, G. Wright, M. Colthorpe, G. Markezinis, A. Boddy, G. Morgan, T. Morley, J. Shearman, S. Buxton, J. Callaghan.
2nd Row: R. Best, J. Read, D. Murray, C. Mackay, S. Smith, C. Steains, P. Whetham, B. Sanders, P. Donnan, B. Bone, M. Watson, P. Robson, S. Sands, D. Burns, C. Goffett.
Front Row: N. Davis, W. Sansom, A. Saunders, S. Whybin, R. Bell, D. Young.

AREA ATHLETICS CARNIVAL

This year's Area Carnival, held at No. 1 Sports-ground in July of this year, resulted in a convincing win for our school. The final points score was: N.B.H.S. 405; N.T.H.S. 269 and M.B.H.S. 265.

Although there were not many first placings in events the team was able to win both the sixteen and seventeen year age pennants and to fill many of the high places in most events. This was the major factor contributing to our success.

While all members of the team are to be congratulated for their performances special mention must go to those boys who were able to gain high places in their events:

12 years: P. Robson, 1st in the Discus; P. LaHay, 2nd in the 200m, and 3rd in the high jump.

13 years: J. Callaghan, 1st in 1500m; C. Mackay, 1st in B division 1500m and 3rd overall.

15 years: S. Pont, 2nd in the 400m.

16 years: G. Bunn, 1st in 800m, 1st in 1500m, 1st in B division 400m; P. Barnwell, 1st in Discus. G. Logan, 1st in B division Discus, 1st in B division shotput.

17 years: O. Keegan, 1st in 200m, 2nd in 100m; N. Lawson, 1st in Hurdles in record time; C. Turner, 1st in B division Hurdles; R. Monteath, 1st in 100m B division, 1st in 400m B division; C. Ryde, 2nd in 800m, 1st B division 1500m; B. Morgan, 2nd 1500m, 2nd 3000m.

N.B.H.S. 17 years team won the Relay. The members of the team were: O. Keegan, N. Lawson, R. Monteath, S. Brown.

On behalf of the team I would like to thank Mr. Best and Mr. Goffett for managing the team and giving the boys encouragement and advice when it was needed and I hope the team can do as well next year.

PHOTOGRAPHIC PRINTS, DONATED BY S.R.C.

AROUND THE SCHOOL

ART PRIZE WINNERS

REPORT ON MATHEMATIC ACTIVITIES

Boys from this school were well represented in the University of N.S.W. Mathematics Competition Prize List.

Previously we have had students recognised by the University — at least one a year — but this year we have beaten our previous best of two students with four senior boys and one junior gaining awards. These boys have placed our school as the best State school in N.S.W. Only two private very selective schools did marginally better than N.B.H.S.

The prize winners are:—

SENIOR: Ian Watson, \$10, book and certificate. Michael Collis, Geoff Goeldner, Keith Rigby, each a book and certificate.

JUNIOR: Dale Kleeman's award is very meritorious because as a third former, he is giving away a year start to almost all of the junior entrants.

Also, the Newcastle Mathematics Association awards a prize each year to the best senior and the best junior in the Newcastle Education Area on the basis of the quality of answers they give to problems set in the South Australian Mathematics Journal, received by quite a number of schools in the area.

This year Ian Watson shared the Senior prize and Richard Kleeman and Warren Lazer shared the Junior prize.

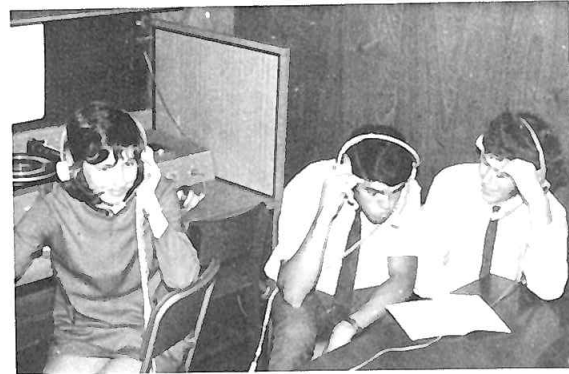

It seems that a considerable number of boys at this school have taken The Queen's advice to Alice, as written by Lewis Carroll:—

"A slow sort of country!" said the Queen. "Now, here, you see, it takes all the running you can do, to keep in the same place. If you want to get somewhere else, you must run at least twice as fast as that!"

INDUSTRIAL ARTS STUDENTS

Steven Threlfo and Glen Turton using Hounsfield Tensometer.

Form 5 Art Students examining pottery.

DEBATING

S. White, I. Lean, M. Stanwell, R. Kerridge.

DEBATING REPORT

The 1972 Boys' High Debating team was inexperienced and untried at the beginning of the year's competition. The competition consisted of a round robin of three debates against Jesmond, Francis Greenway and Tech High Schools with the winner going on to debate winners from other areas. In our first debate against the battle scarred veterans of Jesmond High, Boys' High took a rather ridiculous line of debate. Exactly what happened has been, thankfully, lost in the dim dark corridors of the past. In the subsequent two debates Boys' High slayed Tech and Francis Greenway High Schools. Jesmond High remained undefeated thus winning the round. The members of the team are not going to be mentioned for fear of reprisals. Looking ahead, the team should improve during the next season and win at least some of our debates against the teachers. Many thanks must go to the hard working members of the English Staff who led and trained this year's fiasco: U. Rooney, R. Rippon, N. Barnwell, J. Delaney.

JUNIOR DEBATING

This year saw the introduction of an inter-school debating competition for students from 3rd Form. The competition was sponsored by Lions Clubs of Newcastle and was run along the same lines as the senior competition.

Our team debated twice, winning convincingly against Jesmond High and losing narrowly to The Grammar School.

For most of the boys, it was the first serious effort at debating and much was to be learnt. The preparation by all boys was very good in content but in most cases the timing was not good. However, with the experience gained some good debating should be seen in the future.

Congratulations to the boys who showed interest, whether you competed or not.

GEOLOGY TOUR

The tour began on the 3rd of May at 4.30 p.m. Eleven o'clock that night saw us pitching tents outside Tamworth.

Away again at seven the next morning to our first point of geographical interest, the lookout at Tamworth where we could survey the surrounding 30 miles of countryside. From there we went to Baker's Creek Falls outside Armidale. Whilst manoeuvring our bus shattered a side window on a sign post.

We proceeded through Guyra to Inverell where the ground was hard and the night cold.

On Friday we inspected the sapphire workings outside Inverell, and Friday night in Moree the locals were playful following us around in cars till we left.

Saturday in Wee Waa we inspected a 20,000 acre cotton farm where harvesting was taking place, and also the Yeoman Cotton Gin, the largest (and noisiest) in the Southern Hemisphere.

Through Burren Junction and Collarenebri to Lightning Ridge, we set up camp at 3.30. The bore water in the cold tap at Lightning Ridge comes from 3360 feet below the surface and the water is 125° F. At 8 p.m. in winter we swam in mineral springs at 84° F.

Our first visit was to an opal cutter who shaped and polished an opal. At Sampson's Mine, complete with miner's hat and pick, we descended a 30' ladder into a "fair dinkum" opal mine.

In the afternoon we stopped at old Mick's Museum and amused ourselves by playing an old gramophone amid the junk.

Monday and we were back on the road again through Walgett to Bourke, where we had lunch beside the sailing club. At Cobar it rained for the first time in nine months. However, on the wet gravel our buses still managed 60 m.p.h. to Broken Hill. At Mootwingee we saw emus and kangaroos beside the road for the first time on our trip.

Early on Thursday we were conducted through the Zinc Corporation's new Broken Hill mine.

In a day's travel we moved from a "South Australian" Broken Hill to a very "Victorian" Mildura, where we rode on a paddle steamer, the "Melbourne".

Because of the boat trip our next camp was 18 miles from Hay. Here we found the remains of slaughtered kangaroos left from the night before.

After travelling all Friday, some 506 miles, we arrived at rainy Katoomba, bought tea in town and went to a caravan park to pitch tent in rain and mud.

The rain-like mist was heavy next morning and full credit must go to the drivers who skilfully manoeuvred the buses down to Jenolan Caves. Once there the party left to tour the caves or hike to Carlotta's Lookout. Lunch, 30 lbs. of potato chips was finally served back at camp at 4 p.m.

Because of the mist our visit to Echo Point was called off.

On Monday 15th we headed home via the Putty Road through Singleton and arrived back at school at 3.30 p.m.

SENIOR AUSTRALIAN RULES

Never before has this competition been so evenly contested and enthusiastically played. Boys' High, the established stronghold of school-boy 'Rules, over the past four years, had to battle hard to assert their supremacy once more. Though only three schools were represented, genuine keenness made every game an interesting spectacle.

Our team began the season well by crushing St. Pius and scoring an easy win over a depleted Tech High team. Then, in the absence of a few major players, Boys' High had a much closer game against Pius and were subsequently thrashed by

a much more confident Tech High side. The week after we were again defeated by Tech High, making this side the logical favourite for the following Grand Final. However under the brilliant leadership of John Preen, the team, won 31 to 16 after holding a good half time lead.

Players who consistently excelled were John Preen, Calvin Craney, Graham Kearns and Darryl Grosse.

This summary would not be complete without mentioning the inspiring guidance of Mr. Barnwell and the excellent organisation of Mr. Paterson.

J. ROTHFIELD

WARATAH SHIELD — RUGBY UNION

This year was the first time that N.B.H.S. has entered in the Waratah Shield competition.

The season proved most successful with the side making it through to the Quarter Finals.

We had a bye in the first round and met Cleveland St. in the second round.

Cleveland St were a well drilled side but our height advantages and our bigger forwards were the leading factors to our victory.

The game was played on a dampened Waratah oval, but this did not restrict play in the slightest nor the kicking boot of Wayne Powell, who steered the side to a 16-13 win with four penalty goals.

Phil Whetham brought down good balls from line-outs while Peter Cook gave his backs good service.

Our next match was against Killarney Hts. — Although down 12-9 at half time the side unwound and ran away winners 20-12. Robert Monteath was outstanding in attack while the forwards were once again the power of the team.

In the fourth round we met Fort St., who turned out to be our hardest competition of the

round. Ahead 4-0 early in the match which proved to be the winning margin — Fort St. played it rough and tough in the forwards which led to altercations between boys of both teams. We increased our lead early in the second half. Fort St. scored shortly after to make the score 8-4. The match ended in an all in brawl after Phil Whetham had been the recipient of some torrid punishment.

We had qualified to meet St. Stanislaus in the Quarter Final.

This proved to be our stumbling block. We entered the game without three regular players, and we went down 22-9. St. Stanislaus were worthy victors and they gave the crowd a pleasing display of Rugby.

During the year the jubilant cheering at the school was a help to the team when they needed that little boost.

On behalf of the team I would like to thank Mr. John Hipwell for his coaching and also Messrs. Giddy, Bridges Miller for their encouragement.

CRICKET

FIRST GRADE — Back Row: E. Bennett, D. Murray, N. Budden, J. Preen, S. Pryde, D. Thaw.
Front Row: G. Russell, A. Hogan, G. Patterson, I. Davis (Capt.), D. Campbell, B. Daley.

1st GRADE CRICKET

This year the 1st Grade Cricket team has enjoyed considerable success. We have won the Newcastle Area Knockout Competition and will contest the State titles in third term.

The team as a whole has performed efficiently with an outstanding feature being the keenness of the players. This has been shown by a more positive attitude toward practise and excellent support in the field for the bowlers.

The opening bowlers Neil Budden and Alan Hogan have been the architects of the team's wins — they dismissed Singleton for thirty-seven. In all the games, they have taken most of the wickets and at the same time kept the score to a minimum. This has meant that the batsmen have not had high scores to aim at. David Campbell with his aggressive batting supported by Ed Bennett, Ian Davis, Stephen Pryde and Greg Patterson have been the mainstays of the batting lineup which goes to the last man.

During the season Stephen Pryde and Ian Davis were chosen in the Newcastle C.H.S. team and I feel that David Campbell with his aggressive batting and brilliant wicketkeeping was unfortunate to miss selection in the team.

Finally, on behalf of the team I would like to thank Mr. Russell, our coach, for his enthusiasm and friendliness which boosted team spirit, and Claude for his preparation of practise wickets for use at lunch time. I would also like to thank Mr. Giddy and Mr. Bridges for their support and willingness to help and most importantly I would like to thank the team members for their co-operation and support. The team was: I. Davis (Capt.), D. Campbell (Vice-Capt.), E. Bennett, N. Budden, B. Daly, A. Hogan, D. Murray, G. Patterson, J. Preen, S. Pryde, D. Thaw and P. Grivas.

2ND XI CRICKET

During this season the team has played very well, being undefeated, although two matches were not completed due to wet weather.

Batting throughout the season was of a very high standard with Paul Shearman, Paul Crain, Graham Kearns, John Walshe, Peter Cook and Ian Lean giving consistent outstanding performances and scoring the majority of the runs for the season.

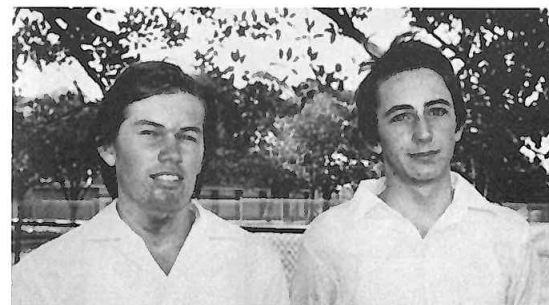

When fielding, John Walshe and Peter Cook opened with fiery pace taking most of the open-

ing wickets of the opposing batsmen; their main backing was Graham Kearns, who came on as first change. The spin attack consisted of Stephen Faulkner, S. Holmes and Ian Lean, who dismissed the tail end batsmen. Paul Shearman kept wickets very well and the general fielding was good.

On behalf of the team I would like to thank Mr. Phil McLean for his enthusiasm towards the team and his excellent umpiring.

Team consisted of:— Paul Shearman (Capt.), Ian Lean (Vice-Capt.), John Walshe, Peter Cook, Graham Kearns, Stephen Faulkner, Paul Crain, Paul Neilson, Gary Donnan, Warren Terry, S. Holmes, Mr. Phil McLean (Coach).

IAN LEAN (Vice-Capt.)

C.H.S. REPRESENTATIVES
S. Pryde, I. Davis

14A CRICKET TEAM

The team had an equal number of victories and losses. We were unlucky to lose two of our games, being beaten by a small number of runs against teams who had much the better of the playing conditions.

The best of our batsmen were G. Morgan, I. Ross, B. Terry and D. Hartigan. Praise must be given to tail-end batsmen R. Perkins and J. Bryan, who often added to the total with some spirited batting.

Chief wicket-taker was G. Morgan. He was ably supported by G. Wright, J. Bessa and R. Dumsa.

T. VERO (Capt.)

13B CRICKET TEAM

Due to the very wet summer our team only completed one game. This was a one day match against Broadmeadow in which we were defeated. The best bowler was Davis, who took four wickets and the best batsman was Chambers, 25 not out. The other game was washed out with N.B.H.S. in a favourable position.

Many thanks must go to our coach Mr. Leashe, whose encouragement was invaluable.

G. CHAMBERS (Capt.)

13A CRICKET TEAM

The first half of the season was severely curtailed by the weather, but the side still managed to remain undefeated.

Much of the success was due to an enthusiastic team effort but constantly good performances were turned in by Donnan, Day and Deal.

The team has the ability to take out the competition and will be favourites when the competition resumes.

M. McENTYRE (Coach)

NEWCASTLE BOYS' HIGH HOCKEY TEAM

The team this year entered three major competitions, the Wales Cup; the Wednesday afternoon schoolboy competition; and a Saturday afternoon men's competition.

Little was achieved in the Wales Cup when the team was defeated 3 to nil by Tamworth High. However the score does not indicate the equality of the teams — Tamworth's three goals were scored in the final minutes of the game.

In the Wednesday competition the team was defeated in the final by Tech High and in this game the team was two players short, a legacy of scholastic commitments.

The Saturday competition team is separate from the other two teams. Now running third, the team has emerged as one of the strongest teams in the competition with recent wins over the two leading teams and with an impressive record of 46 goals for and 7 against. The forwards are functioning extremely well, scoring 16 of the 17 goals scored in one of the matches and we have high hopes of winning the competition.

Many thanks must go to Keith Giddy and Kel Bridges (coach, player and organiser) for their invaluable support.

A. RANDELL (Capt.)

DINO CONSALVO

JOHN EARLE

OUR COVER: Promising young artist, Dino Consalvo, depicts modern society in his cover design.

John Earle (Frontispiece) hopes to become an architect. John is meticulous in all he does and we wish him every success.

RUGBY LEAGUE

UNDER 13 LEAGUE — GRAND FINAL WINNERS

Front Row: B. Joyce, T. Callagan, P. Donnan, S. Buxton, B. Deal, J. Agearas.
 2nd Row: T. Parker, G. Martine, G. Ashford, M. Collis, S. Shephard, R. Madden.
 Back Row: Mr. McIntyre, J. Stanger, R. Mackie, T. Brew, B. Whitborne, I. Ryan.

UNDER 13 LEAGUE TEAM

The side has enjoyed a very successful season winning the competition and experiencing only one defeat in the seven matches it played, and scoring 126 points to 39 and scoring 34 tries to their oppositions 10.

The grand final was played on a very wet oval with continual wind and rain making open play impossible.

After being down three points to nil at half time N.B.H.S. ran out winners 8 points to 3 with good team work leading to tries by Collis and Joyce with a conversion by Donnan adding the remaining points.

Overall it has been a very good team performance with the side playing brilliant football at times. Forward play was highlighted by Mackie's and Callaghan's fine play. The backline when given the opportunity showed great speed and solid defense with Sheppard and Buxton showing good form. Possibly the outstanding player of the team was the captain Phillip Donnan, who was also the leading points scorer.

2nd GRADE LEAGUE REPORT

The team enjoyed a reasonably successful season being beaten only three times, and in these games only by narrow margins. The boys have been very enthusiastic both in attack and defence all the season. Unfortunately due to University Shield commitments the boys rarely played as a team and so they could not form into a regular pattern of play.

All players played well and some excellent performances were turned in. In the forwards Phil Whetham and Laurie Lack excelled and in the backs the work of John Mannion began many scoring movements which Neil Lawson and Ian McPhee completed. Defence was the strong point of the team and Neil Budden was always safe under pressure.

Many thanks to Mr. Giddy and Mr. Russell for their advice, and also thanks to the boys from lower teams who played for our team when we were short.

16 YEARS LEAGUE

1972 was not a good season for the sixteens. In fact we won only one game, and were only

This Page Donated by
H. L. MULLANE & SON

narrowly beaten in two others. Our only win was against Hamilton, where we came from 12-8 down at lemons to record an impressive 24-12 win.

It is interesting to note that Hamilton finished near the top of the ladder in many cases beating teams who toppled us quite easily. One wonders what happened to our team in this topsy-turvey game of league.

There were some promising players in the team and some have already filled vacancies in the First and Second Grade teams and performed creditably.

In searching for a reason for the team's failure, one must be honest and declare the main reason as, lack of training. Most players are unwilling to train and this was evidenced in our games. With some concerted training, I have no doubt this team could have finished well up the ladder.

R. J. DELANEY

14 YEARS RUGBY LEAGUE

The fourteen years side had a very disappointing season considering the potential of the team. The side suffered five defeats and played one draw against Hamilton Marists. The record was most disappointing since the side let victory slip from their grasp in three of these

matches. The coach of the Broadmeadow side, the ultimate premiers, was amazed at our record as he considered the Boys' High side to be the best that Broadmeadow had met during the season.

The most outstanding and easily the most consistent players were G. Morton, S. Rounsley, R. Jenkins and L. Nash, a hooker of great potential.

The main lesson to come out of this season is the fact that games are only won by 100 percent effort from start to finish.

UNDER 12 RUGBY LEAGUE

During this season the team have not been very successful in the various matches they have played. The team consisting of: D. Young, D. Chapman, B. March, S. Whetham, J. Stewart, B. Cox, P. Robson, V. Franges, J. Harrington, W. Sanson, B. Reed, P. Hutchinson, J. White and C. Power — have done reasonably well against tough opposition.

Our results for the season were: two wins, six losses and one draw. We scored forty-five points to our oppositions one hundred and eighteen.

Many thanks must go to Mr. Hughes for his invaluable help and encouragement.

BASKETBALL

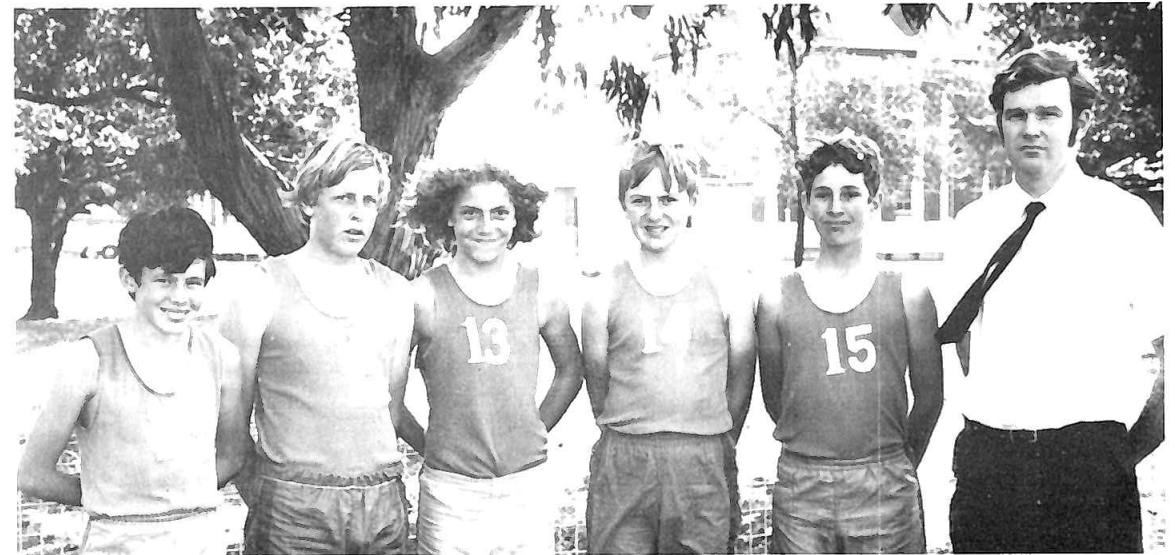

14 YEARS GRADE BASKETBALL

The summer team came second in the competition, being defeated only once. In the winter competition, the team won all matches except one, and won the competition. The team has developed and is beginning to combine well. Moore, Orman and Hoyle played consistently good basketball.

13 YEARS GRADE BASKETBALL

In the summer the team lost to St. Pius X and Tech High and defeated the other teams to finish third overall. David Ptolery, Mark Morgan and Stuart Whetham played well.

In the winter competition, the team finished third. Again they lost to Tech High and St. Pius X. Against all other teams they won easily. Day, Burns, Iredale, Carmen and Walpole showed improvement.

FRIDAY NIGHT BASKETBALL

Under 14:

Team: J. Hoyle, M. Raschke, P. Donnan, D. Moore, I. Beale, S. Shephard and R. French.

The team has played well, winning many matches by huge margins. They have lost only once. The boys think that they have an excellent chance of winning the competition.

SOCCER

FIRST GRADE

Back Row: V. Stojanovski, S. Wallace, G. Faulds, D. Cespi, D. Campbell, G. Gounis, J. Lewis, P. Gill.
Front Row: P. Peper (Mascot), C. Mackie, P. Bates, A. Thodas, I. Richardson, M. Jeston, G. Farrow.

1st GRADE SOCCER

The 1st Grade team had a fairly unsuccessful season according to the results. But throughout the term the team played well and fought hard until the final whistle blew. The team played as well or better as any of our opponents but lacked goal scoring ability.

Our best efforts of the season was against the renowned Tasman Cup winners — Tech High. The boys held off many Tech attacks and the game ended in a nil all draw with Boys' High unlucky not to win.

All the players are to be congratulated on their fine, whole-hearted efforts during the term. Our sincere thanks also go to Mr. Deller for his time, coaching and support.

S. WALLACE, (Vice-Captain)

UNDER 16 SOCCER

After a very poor start to the season the team has struck top form and has won its last four matches quite convincingly. The boys have played enthusiastically throughout the season and after our early losses, buckled down to their task extremely well. The last game saw a win for Boys' High over the competition leaders Broadmeadow.

I feel the school should have a very keen, professional Tasman Cup side next year which I am sure will improve upon previous teams.

In conclusion I would like to thank Mr. L. Davies for his able management of the team.

GREG PATERSON (Capt.)

UNDER 15 SOCCER

This season proved to be an unlucky one for our team. Although we have won only one match there were at least four goals which could have been won by us if the ball had been bouncing right.

Our leading goal scorer for the season was Ian Stirrat, who, after being switched from the wing to the striker position, turned in some fine performances.

On behalf of the team I would like to thank Mr. Gebbert for his invaluable help and encouragement throughout the season.

D. HEARNE (Capt.)

13 YEARS No. 1 GRADE SOCCER

A squad of 13 players provided the members from which our team was selected this season. The squad elected Chris Mackay team captain and Brett LaHay vice-captain.

The season proved to be most successful for us and from ten competition games we had six wins, two draws and two defeats. We scored 38 goals and were scored against 17 times.

On each occasion we met Broadmeadow, we lost and on each occasion against Pius X College we drew. Nevertheless we managed a second place in the competition behind Broadmeadow. Pius X was third.

Goal scorers were Scott Whybin (13), Chris Mackay (8), Bruce Bone (6), Graham Chambers (5), Michael Webber (2), Greg Arms (2), Gary Wells (1), Chris Aspey (1).

CHRIS MACKAY (Capt.)

SAILING

MARK LONG'S "SPECTRE"

1972 C.H.S. STATE SAILING CHAMPIONSHIPS

This event is held annually on Belmont Bay during the May vacation and this year the regatta attracted some two hundred or so entries from all parts of N.S.W.

One of the outstanding features of this year's championship was the domination of the 1st Division title by two N.B.H.S. boats: "Hendo," a sixteen foot skiff skippered by John Henderson, and "Spectre," a Tornado Catamaran sailed by Mark Long.

"Hendo" collected the overall Boys' title and sixteen foot division championship, while "Spectre" won the Catamaran Division and the invitation race. As was expected "Spectre" proved to be the fastest craft at the regatta and sailed consistently to take out line honours in every race staged.

Examining the results we find that for line honours the two N.B.H.S. boats were never out of the first three and on corrected time the placings gained in the four heats by "Hendo" and "Spectre" were more consistent and numerous than those gained by any other school in the competition. In fact, if the crews of these two boats had been exclusively N.B.H.S. pupils the school would have carried off the C.H.S. teams trophy.

JOHN HENDERSON

SAILING

I was down at Lake Macquarie
In the spring of '72
with a crew of bloody novices
Who just didn't have a clue
So I thought I'd teach them something
Of the way to sail a yacht,
By attempting a manoeuvre
That they never yet forgot.
We were reaching down to Toronto
With a kite on — very shy
In a fleet of thirteen Flying Ants
And a thousand craft nearby
The for'ard hand looked nervous
As the mark drew close to hand
But his confidence was shattered
As he heard my next command.
"Don't touch the bloody kite," I yelled
"We'll hold it to the mark"
"Just keep it full of wind," I roared
And so began my lark
The mark went by — then head to wind
I gave a mighty shout
"Don't bug-arise around up there
I'm ready — going about."
And then began confusion
Of the like I've never seen
As the kite became entangled
Upon our windward beam
There were yells and shouts around us
As the boat performed the feat
Of sailing in a figure eight
Backwards through the fleet.

H. ELLIOT

MR. RUSSELL
Off to a good start

FATHER OF THE YEAR

After much delay and causing much nervous anticipation to his parents Andrew Russell was born on the 18th August at 10 p.m.

In our chat to various friends (?) the Novocastrian Committee found that, at the time, the proud father was very nervous and his grey hair count increased 100%. It was said he did many absentminded things as the event drew near. (But remembered to wear his trousers to school).

CONGRATULATIONS!

SWIMMING

AREA SWIMMING TEAM

Back Row: B. Taggart, B. Hughes, B. Iredale, R. Monteath, G. Blundell, D. Murray, D. Trimble.
 3rd Row: M. Piper, W. Achurch, P. Shaw, G. Mason, G. Carter, P. Matthews, W. Brownlowe, R. Maehl,
 2nd Row: B. Bone, J. Ambler, G. Jack, M. Holcombe, S. Grierson, K. Rushworth, G. Burns, W. Jacobi,
 R. Taggart.
 Front Row: R. Best, N. Davis, J. Stewart, G. Martene, M. Mitchell, B. Sanders, G. Wells, D. Young,
 J. Stanger.

SWIMMING CARNIVAL

This year's swimming carnival proved to be a most successful one with almost all boys competing in at least one event. Smith House was again victorious in winning the point score, followed closely by Hannell.

The outstanding performances were:

12 years S. Stewart (Sm.), Champion House Smith; 13 years G. Martine (Ha.), Champion House Hunter; 14 years M. Mitchell (Ha.), R. Taggart (Sm.), Champion House Hannell; 15 years B. Hughes (Sm.), Champion House Smith; 16 years D. Trimble (Sm.), Champion House Hannell; 17 years B. Taggart (Sm.), Champion House Smith.

Records:

14 years M. Mitchell, 100m Breaststroke,

4 x 50m Medley; R. Taggart, 400m Freestyle, 100m Breaststroke, 100m Butterfly.

17 years B. Taggart, 4 x 100m Medley; G. Blundell, 100m Breaststroke.

Hannell 17 years broke the record for 4 x 50m relay.

From our school carnival a very strong team was chosen to represent our school in the Area Swimming Carnival which we convincingly won.

Although the team did not gain many first placings at this carnival, a great number of places were gained and this is what brought the team through to win in the end. Team spirit and school spirit was never lacking and all the boys strived hard in the events they contested.

NEWCASTLE CROSS COUNTRY

King Edward Park was the venue for this year's cross country. It proved to be the toughest course used in recent years, as anyone who competed will admit. The steep hills were a challenge to the fittest of competitors.

In the 17 years section B. Morgan came first, to give the school its only major placing in the cross country. C. Ryde came fourth, A. Hogan twelfth, D. Grosse thirteenth and G. Kearns twentieth, giving us 2nd place in the age championship.

In the 16 years G. Bunn ran fifth, A. Kingsland ninth, P. Turner thirteenth, B. Iredale fifteenth and D. Murray eighteenth, giving 2nd place.

In the 15 years G. Jack came ninth, S. Pont thirty-second, and D. Toll fifty-second.

In the 14 years we did not gain a place.

In the 13 years we gained 2nd place, with J. Callaghan running second, M. Collis third, J. Shearman ninth, C. McKay twelfth, N. Davies twenty-third and D. Hurford fifty-ninth.

In the 12 years D. Burns came sixth, R. Bell seventeenth, B. Lablay twenty-first, D. Hall twenty-third, S. Wetham twenty-seventh and W. Miernik thirtieth.

A. HOGAN

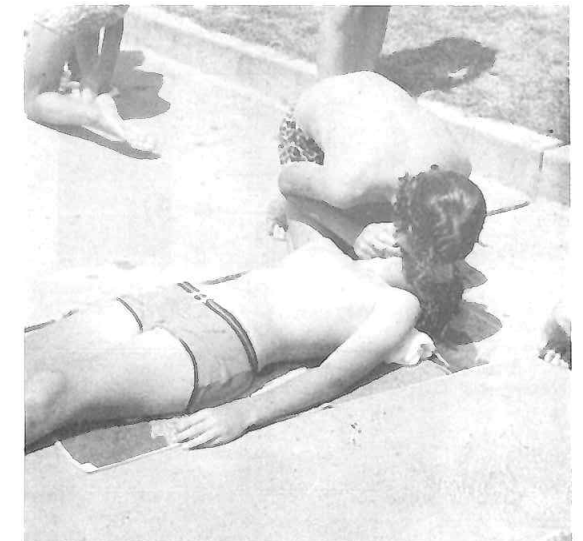

KEVIN BLANCH

INADEQUACY:

is when someone you've been talking to,
 A YOUNG FRIEND,
 goes home

 and you don't know
 WHY?
 or WHAT TO THINK?
 or WHAT TO SAY?
 or WHAT TO DO?
 except FEEL
 SORRY and SAD.

B. TOBIN

LIFESAVING REPORT

The 1971-72 season has been a successful one for the school's candidates for awards of the Royal Lifesaving Society. Many candidates from previous years have gone on to score senior awards.

Notable performances by Kevin Blanch and Lindsay Baldock in gaining the Distinction Award capped an excellent season. The Distinction Award is the penultimate award of the society and these two are the first gained by members of this school since complete records have been kept.

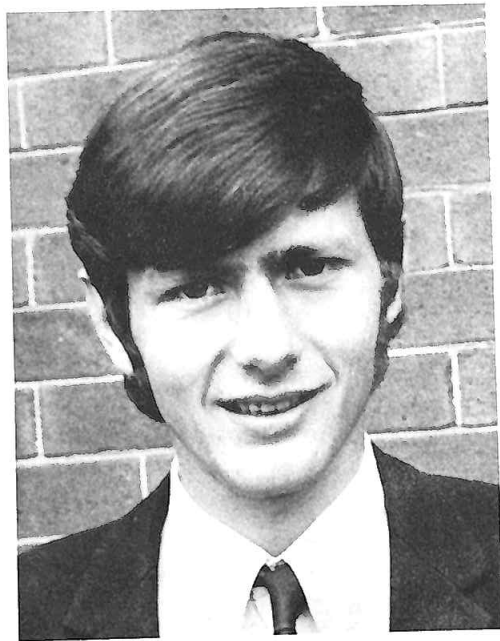

David Trimble gained the Award of Merit during the season and will train for the Distinction Award next season.

I would like to congratulate all successful candidates and encourage them to undertake training for higher awards in the forthcoming season.

May I also take this opportunity to thank all those members of staff whose enthusiasm has made the programme the success it has been.

B. BURGESS

SPEECH DAY 72

COLIN BENSLEY DUX 1971

The Annual Speech Day was held at the Newcastle City Hall on May 23rd. This function is one of the major outings in the school's year and it is on this afternoon that the school's academic and sporting achievements are recognised and rewarded.

Commencing at 1.00 p.m. with the school pledge and school song, the Headmaster, Mr. Richardson, then welcomed visitors and guests and invited The Lord Mayor, Alderman Doug McDougall, to take the chair.

After a short address from the Lord Mayor and a comprehensive report on the school's academic and sporting achievements by Mr. Richardson, the President of the P. and C., Mr. Lacey, moved the adoption of the Principal's report.

Mr. A. J. Buchan, Director of Secondary Education in New South Wales, spoke on behalf of the Education Department and expressed his views on the selective high school system which is rapidly dying out.

Following the presentation of special Memorial prizes and awards, the academic prizes were awarded by Mrs. E. E. Gray and Mrs. S. B. Jones. Later other school and sporting awards were presented.

Mr. Ted Gray, the Director of Education in the Newcastle area, then proceeded to congratulate the prizewinners and finally Ian McPhee, the School Captain, thanked the City Council for the use of the City Hall and the P. and C. Association for their untiring support of the school.

Throughout the afternoon the School Orchestra and Choir entertained the School and visitors with several numbers, including selections from Rumanian folk music.

AWARDS AND PRIZES, 1971

Memorial Prizes—

Mrs. Alice Chichester Memorial Prize for Dux of Form 6: Colin Bensley.

Finlay Donald McLeod Memorial Prize for Captain: Neil Watson.

HOUSE COMPETITION, 1971

Aggregate Point Score 1960—Fifth Year Shield: Smith.
Basketball—"Rundle Trophy": Smith.
Soccer—"McGorry Cup": Hunter.
Cricket—"F. S. Scorer Shield": Smith.
Tennis—"Cooksey Trophy": Hunter.

HOUSE COMPETITION, 1972

Swimming—"C. Hocquard Shield": Smith.
Athletics—"Arthur Shield": Smith.
House Basketball: Smith.
School Blues:
Athletics: Stan Wawrzyniak.
Swimming: Bruce Taggart.
Basketball: Geoffrey Mayo.
Soccer: Stephen Jones.
Australian Rules: John Preen and Christopher Kingsland.
Area Blues:
Athletics: Stephen Burgess.
Swimming: Gregory Price and Bruce Taggart.
Basketball: Terry Antcliffe.
C.H.S. Blues:
Basketball: Terry Antcliffe.

HIGH SCHOOL COMPETITION

Rugby League:
2nd Grade Premiership.
Soccer:
1st Grade Premiership.
Australian Rules:
Senior Premiership.
Cricket:
2nd Grade Premiership.
Basketball:
Summer Competition—
Open No. 1 Premiership.
16 Years Premiership.
Winter Competition—
Open No. 1 Premiership.
15 Years Premiership.
"The Ashton Trophy" for Rugby League: Jeffrey Shield.
"The Barnett Trophy" for Soccer: Stephen Jones.
"The W. Lamb Trophy" for Senior Championship Mile: Brian Morgan.
Annual Trophy for Senior High Jump: Michael Collis.
Zone B Australian Rules Best and Fairest: John Freen.
Zone B Senior Squash Champion: Ted Hennessy.

SWIMMING CARNIVAL

Champions 1972—
17+ years: Bruce Taggart.
16 years: David Trimble.
15 years: Brian Hughes.
14 years: Ross Taggart and Mark Mitchell.
13 years: Garry Martine.
12 years: Jonathan Stewart.

SPECIAL LIFESAVING AWARDS

Distinction Award:
Lindsay R. Baldock.
Kevin T. Blanch.
Award of Merit:
David J. Trimble.

ATHLETICS CARNIVAL

Champions 1972—
17+ years: Neil Lawson.
16 years: Dino Consalvo.
15 years: Shane Pont.
14 years: Bradley Ure.
13 years: Michael Collis.
12 years: David Burns.

Warren Lazer has won this year's State School Championship. A member of the Newcastle Chess Club, he drew against previous world champion Professor Euwe when he was in Newcastle earlier this year. Warren has a rating of 870, which is 40 above the Australian club average. He has beaten Newcastle champion Brian Tomson.

OUR EX-STUDENTS IN SPORT

In the past years, N.B.H.S. has produced some outstanding athletes. In the last decade, Graham Corling and Phil Hawthorne, both 'old boys' of the school, have played for Australia. It is hoped that some of the sportsmen who have passed through the school in the last three or four years can achieve similar success.

A number of ex-pupils have already taken large steps towards this goal. Garry Gilmour has had a big impact on Sheffield Shield Cricket as an aggressive all-rounder. Robert Wilkinson has shown dual talents by representing Newcastle and Australian Universities in Rugby Union, and by playing with a great deal of success in the Newcastle Cricket Team. He is also a member of the N.S.W. State Colts Cricket Squad as is S. Hatherall, another ex-N.B.H.S. student. Peter Howlett has represented Newcastle in Rugby League and is a rising star. J. Trevillian has played Rugby Union for Newcastle. P. Idstein, W. Taggart and T. Antcliffe are members of the Newcastle Open No. 2 Basketball side. Jeff Shield plays League with Balmain in the Sydney competition.

DEPARTING SIXTH FORM

CLASS 6A:

Abbott, Owen R.; Adams, Richard; Bint, Michael H.; Campbell, David M.; Collis, Michael; Daley, Brian; Davis, Ian R.; Elsley, Gary; Goeldner, Geoff; Hingst, Douglas; Lack, Lawrie; Llewellyn, Danny; Maxwell, Mark; McPhee, Ian; Miles, Timothy; Montearth, Robert B.; Rigby, Keith; Stanbridge, Laurie; Watson, Ian A.

CLASS 6B:

Alexander, Stephen; Beverley, David R.; Henderson, Jonathan; Hewson, Edward G.; Kiem, Eric; Lawrie, Timothy; Moore, David; Ramadge, Peter C.; Seddon, Peter; See, Geoffrey; Shearman, Paul; Stewart, Stephen; Taggart, Bruce; Watson, Robert; Wood, Graeme; Woodward, Peter.

CLASS 6C:

Allen, Stephen; Bailey, Ross L.; Bone, John G.; Boulton, Stephen R.; Burrell, David C.; Campbell, Douglas E.; Campigli, John James; Carey, Lewis C.; Carson, William L.; Clulow, John; Cox, Peter W.; Cox, Steven C.; Earle, John Kenneth; Ferry, Geoffrey; Field, Graham Stephen; Fitzgibbon, Wayne R.; Grahame, Andrew John; Harris, Stephen W.; Hodgson, Anthony R. M.; Keirs, Stephen James; Kelly, Ross Walter; Pearson, Kevin John; Phillips, Peter Noel; Powell, Wayne John; Power, Terrance John; Seskus, John Christopher; Shaw, Stuart David; Shoemark, Gregory Malcolm; Swinburn, Kim William; Webber, Francis; Wright, David Charles.

CLASS 6D:

Allnutt, Michael G.; Baguley, Warwick; Bliss, David J.; Browning, Vincent R.; Campbell, John A.; Cespi, Denis J.; Clapham, Peter L.; Coulthard,

Andrew A.; Gennette, Allan B.; Gill, Peter W.; Green, Gavin; Hardman, Grieg; Horton, Geoffrey D.; Makaroff, Michael J.; Maltby, Peter Donald; Marshall, Gregory H.; Mayo, Geoffrey T.; Mews, Paul David; Murdoch, Vince J.; Ormonde, Peter James; Reynolds, Phillip John; Rigby, Mark; Santarelli, Bassino; Thurlow, Ian; Tuft, Malcolm; Watchorn, Ian Donald.

CLASS 6E:

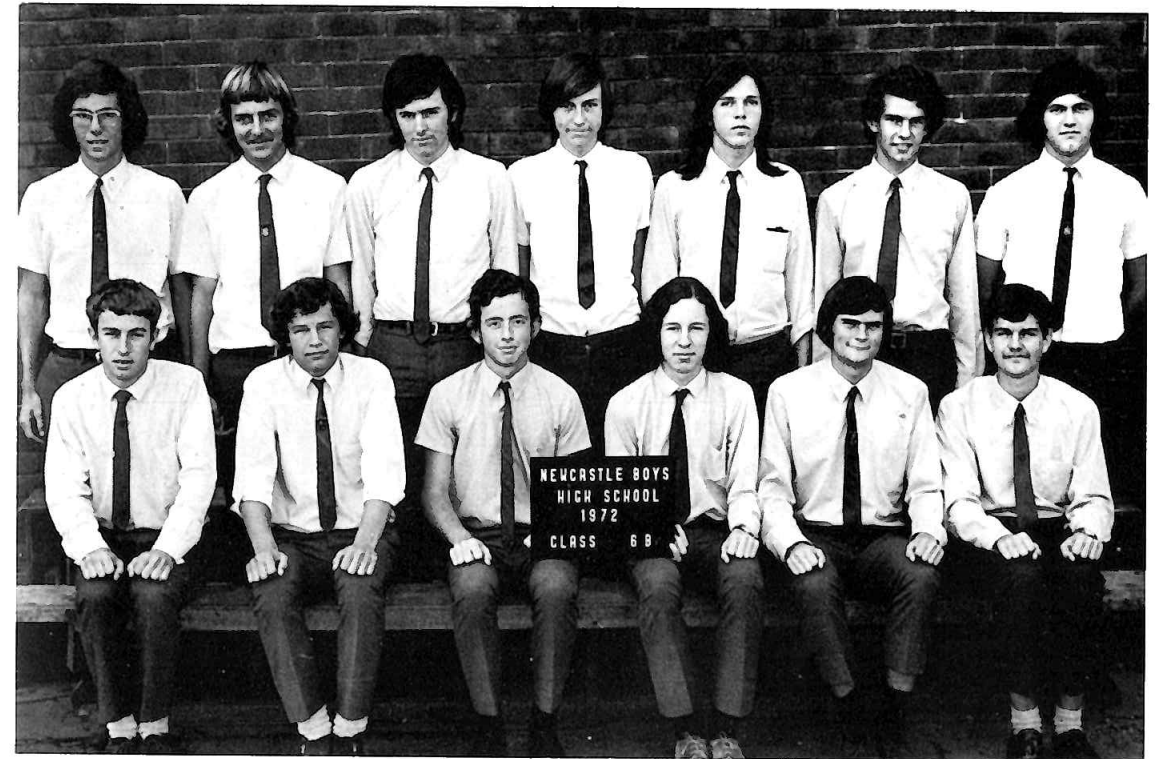

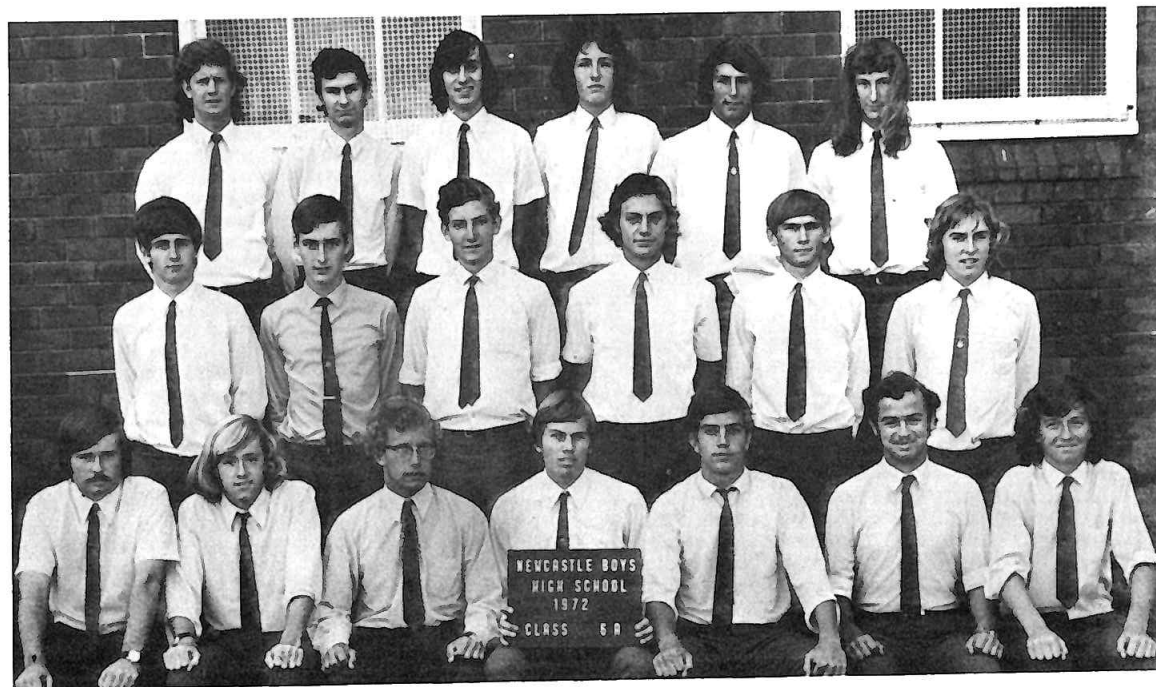

Baker, Richard John; Budden, Neil Stuart; Chambers, Clifford Harris; Gounis, Cyril Steve; Grivas, Peter; Harris, Neil; Henderson, John Charles; Johnson, Kenneth George; King, Colin Barry; Lawson, Neil W.; Lowndes, Jeffrey Grahame; MacDonald, Ian Robert; Mansfield, James Maxwell; Metcalfe, Robert; Milligan, Neil W.; Murray, Ross M.; Nicholls, Steven R.; Rayfield, Stephen D.; Rich, Shane R.; Richards, Brian; Richardson, Ronald; Smith, David; Stout, Brian C.; Turnbull, David; Vickers, Neil; Wood, George; Young, Peter.

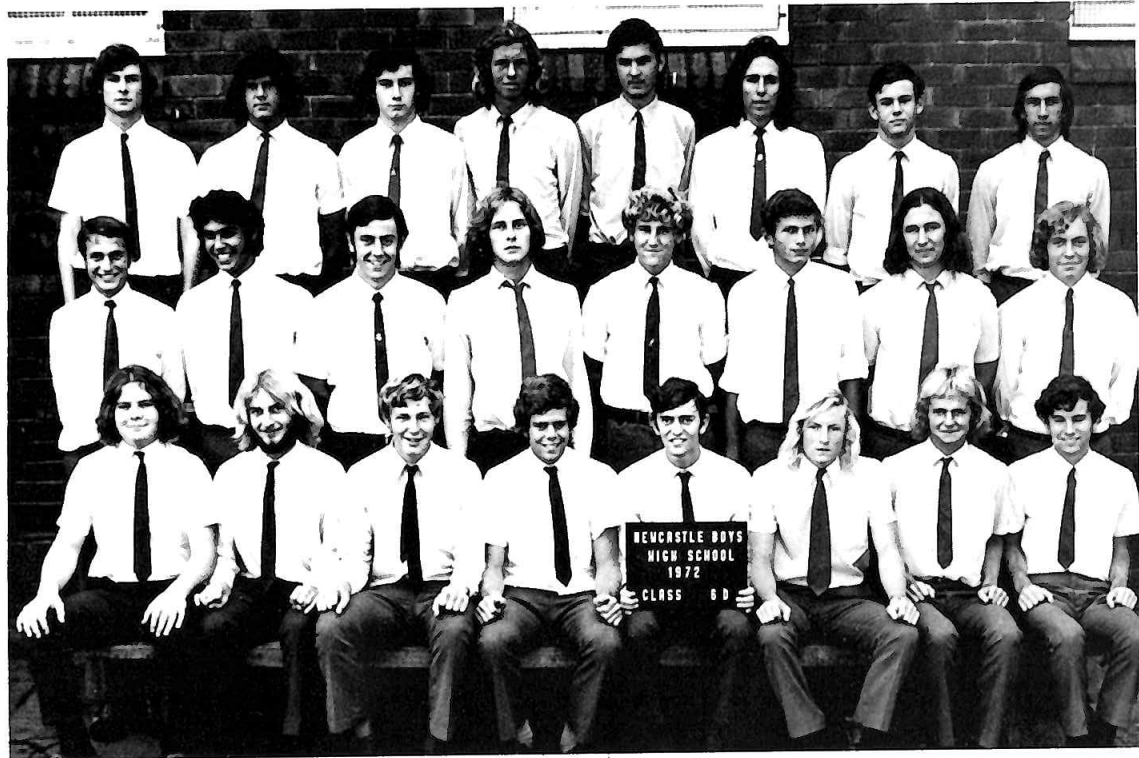

CLASS 6F:

Bates, Phillip; Baxter, Ian A.; Bird, Christopher C.; Craney, Colvin; Doyle, Francis; Elvidge, Norman; Graham, Peter D.; Hennessy, Edmund; Layzell, Geoffrey; Mackie, Christopher; Mateer, Graham; Mead, Robert; Murray, Kenneth; Pink, Kimberley; Pitcher, Paul; Preen, John; Shaw, Ronald; Simmons, Robert; Symes, Malcolm; Thaw, David; Walker John; Wright, Steven K.; Higson, Shaun.

CLASS 6G:

Cox, Peter; Herron, John; Howard, Peter; Hinds, David; McCafferty, Allan; McLean, Nicholas; Mason, Garry; Melville, Ross; Nicolas, Peter; Payne, Chris; Rowe, Jeffrey; St. John, Stephen; Shearman, Paul T.; Stojanovski, Victor; Thodas, Angelo; Tymkiw, Karl.

CAREERS ENTERED BY 1971 HIGHER SCHOOL CERTIFICATE STUDENTS

University Training—Full Time Study: Arts 13, Science 13, Maths 3, Commerce 7, Medicine 6, Law 3, Pharmacy 1, Civil Engineering 2, Mechanical Engineering 3, Chemical Engineering 1, Architecture 4, Industrial Engineering 1, Metallurgy 1, Surveying 1. Part Time Study: Commerce 11, Arts 1, Science 1, Mechanical Engineering 6, Accountancy 3, Electrical Engineering 1. Teachers College: 9. Technical College: Metallurgy 4, Art 1, Electrical Engineering 1, Mechanical Engineering 2, Articled Clerks 3, Banking 6, Drafting 2, Clerical 6, Telecommunications 2, Journalism 1, Librarian 1, Miscellaneous 19.

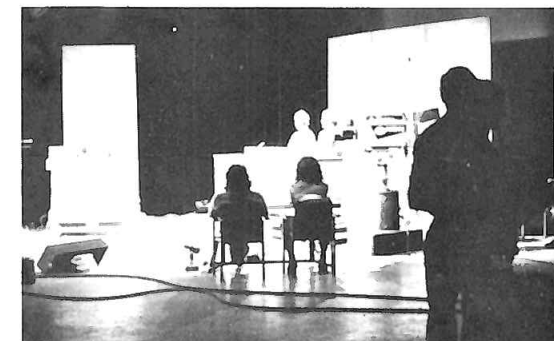

COMMONWEALTH SCHOLARSHIP WINNERS, 1971

James Bennett, Colin Bensley, Kim Brent, Noel Brent, Stewart Bruderlin, Douglas Carey, Prame Chopra, Steven Clarke, Terry Corbett, Derek Davelaar, Neil Davidson, Adrian Dumsa, Alan Hemmingway, Anthony Hoysted, Matthew Ingle, Garry Jauncey, Stuart Johnston, Nigel Kellner, Ian Lacey, Max Lenzer, Hilton Lowe, Gregory Manning, John McGeachie, Ian McKendry, Geoffrey Mitchell, Owen Morgan, Roger Stancliffe, Peter Stevens, Grahame Sweeney, Stephen Thornton, Neil Watson, Peter Wotton.

LONELY IN A CROWD

I am alone, nobody cares,
As I walk, everyone stares.
A new country, new faces,
New people to meet, and
New people to greet.
I am alone, a figure of stone,
People I meet, are not all sweet.
Their faces are dark,
Their hearts, cold and stark.
My eyes see a hatred, a
Hatred so fierce, that
Even my thoughts cannot pierce.
Why is it this way
Why is it so?
I am alone, oh so alone
The people I know are gone,
I feel this is wrong
Why did I come?
Why do I stay?
Does it have to be this way?
My friends were near, oh, they were dear
But now I must make friends anew
This is fate, an unavoidable date
It will be hard, a struggle I know,
But I have courage so great,
To break this barrier
This barrier of hate.

PETER JEFFERY

B.H.P. HIGH SCHOOL QUIZ

This year the school's contestants in the quiz did not go as well as has been done in previous years. Thirteen boys entered the competition. Of these, six were defeated in the heats (J. Ingle, G. Farrow, K. Staples, A. Randell, R. Kerridge, and I. Lean). Four more were defeated in the quarter finals (J. Clark, G. Gordon, G. Carter, and M. Stanwell).

As a result, in the semis were only three boys, Peter Stubbs, David Donald (who said he liked Latin because it was a dead language!) and Ian Jordan. Ian was the only winner in the semi-finals, but was beaten in the finals by Jan Fullthorp from Cardiff High. It was an exciting round, and the final score was 13-12. Jan went on to become runner-up, the winner being Stephen D'Lisle from St. Pius X College.

Note: Of the six years the Quiz has been run, the school has had four winners: Russel Rigby (67), Russel Cheek (68), Graeme Lacey (70) and Tim Miles (71).
